- The aircraft factory at Sarajevo is located about 1,200 meters west of the Sarajevo railroad station on the Ilidza road. At present this factory employes 350 workers.
- 2. Before the last war this factory was owned by Engineer Hecimovic. In 1941 this factory was requisitioned by the Ustashi, who added another shed (No. 2 on the plan). In 1945, when the factory was nationalized, four large sheds with glazed roofs were added (No. 3 on the plan).
- 3. This factory is to be used for the production of aircraft engines when it obtains the necessary machinery. At present the factory is repairing automobile and aircraft engines, and mamufacturing spare parts. The actual output is unknown; it obtains its electric power from the Sarajevo town supply.
